Celtic Traveller Throw

Named for my daughter, Anna, who is the world traveller in our Irish family, Celtic Traveller features an attractive pairing of two popular cable stitch patterns nestled closely together in a half-drop style. The proximity of the patterns to one another create a composition of work that looks both intricate and visually appealing.

Level of Difficulty:
INTERMEDIATE

Knitted Measurements:
Finished, blocked Small/Baby throw measures approx 29" (73.5 cm) wide by 44" (112 cm) long. Medium throw measures approx 35.5" (90 cm) wide by 57" (145 cm) long. Large throw measures approx 41.5" (105.5 cm) wide by 70" (178 cm) long. **Large throw is pictured.**

Yarn Requirements:
4 MEDIUM

Allow approx 976 yds (893 m) - Small, 1,553 yds (1,420 m) - Medium, and 2,261 yds (2,067 m) - Large in aran weight yarn.

Sample (Large) knit using (15) 3.5 oz/100 gr (137 yds/125 m) skeins of Knit Picks Wool of the Andes Superwash Bulky (100% Superwash wool) in Dove Heather.

Suggested Needle Sizes:

Charted Pattern Instructions:

Complete, charted pattern instructions can be found on pages 5, 6, and 7. To begin, using cable cast-on or your preferred cast on method, cast on 128 (156, 184) sts.

PLEASE NOTE:
The Pattern Row Repeat spans all charts. **One complete row repeat is done by working Rows 15-86.** Work this complete row sequence for Small (3 times), Medium (4 times), and Large (5 times).

Charts are worked beginning with the Right Border, followed by Center Panel 1, then the Left Border through Row 49. Once you have completed row 49, work the Right Border, Center Panel 2, then the Left Border working through Row 86. Finally, return to Row 15 and repeat this sequence a total of Small (2 times), Medium (3 times) and Large (4 times).

On your final row sequence, do NOT work Rows 85-86.

Proceed to Row 229 (301, 373).

Bind off with an even tension (matching that of the seed stitch border); not too loose and not too tight.

Proceed to Finishing/Blocking instructions on page 4.

Bind off with an even tension (matching that of the seed stitch border); not too loose and not too tight.

Finishing/Blocking:
Using a tapestry needle, weave in all remaining loose ends, trimming off excess yarn.

For best appearance, the throw should be gently blocked. However, if your throw is made from wool yarn, be especially careful not to use hot water, agitate, or wring out the throw as this may cause felting.

To block: Soak throw in lukewarm water. Gently squeeze out water, wrapping throw in dry towels to remove remaining excess moisture. Lay throw flat on a pin-able surface smoothing/stretching throw into shape, using T-pins to hold in place as needed. Allow to fully dry before removing pins.

Pattern Tips and Suggestions:
Avoid highly variegated and/or excessively fuzzy yarn as it will obscure the cable pattern stitch.

Pattern size is adjustable by simply working more/fewer Pattern Panel Repeats and/or Pattern Row Repeats. Keep in mind that altering the size, differing tensions and even fiber content will change the amount of yarn needed. Please purchase sufficient yarn for your project.
